

The Lift You've Been Looking For...

Ward's Cabinetry Now Offers Blum Aventos HL Door Lift System

No, not this kind of lift,

OR this kind of lift.

Coming Later In June 2008

It's THIS kind of lift!
A Blum Aventos HL Door Lift System

Ward's is excited to be bringing you a new lift design from Blum. This new mechanism provides a modern, sophisticated accent to any room. It features a smooth, balanced opening & closing motion with Blum's famous quiet close action.

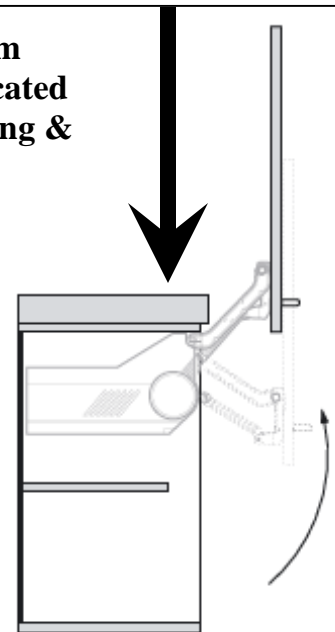

Lift Door System in Appliance Garages:

Lift door system for appliance garage applications will be offered in current appliance garage units.

Lift Door System in Wall Cabinets:

Wall cabinet lift doors will be offered in two heights—18" and 21" and five widths—18, 21, 24, 27, and 30

Product details can be found in our upcoming June, 2008 Specification Book Revision.

Ward's appreciates your business!
